

NUVERIA LABS GELLING FIBER DRESSINGS

Gentle care for a wide
range of wounds.

NOW AVAILABLE ON
amazonPrime

DESIGNED FOR

Wound Management:

- Wide range of partial to full-thickness wounds such as pressure injuries, foot and leg ulcers, lacerations and abrasions
- Wounds with moderate to heavy drainage
- Reinforced ribbon dressing can be used in deep and tunneling wounds

BENEFITS

This dressing is comprised of carboxymethylcellulose (CMC) fibers, which transform into a gel when they come in contact with fluid or wound drainage.

ABSORBENT

Highly absorbent* and able to keep drainage away from the wound.

STRONG

Structurally solid while being highly conformable.

GENTLE

Promotes the removal of non-viable tissue from the wound, while maintaining healthy tissue. Allows for gentle application and atraumatic removal.

REMEDIAL

Creates and maintains an optimal moist wound healing environment.

CMC gelling fibers allow the dressing to be

- Highly absorbent
- Conformable
- Structurally intact
- Easily removed from the wound area
- Optimal in moisture management
